Fort Worth Thunderbirds
Since 1962

Anniversary Airshow

A group of men with a common thread interest in aviation formed a radio control (RC) airplane modeling club known as the Fort Worth Saracens. This club morphed in 1962 to become the Fort Worth Thunderbirds.

Sixty years later the Fort Worth Thunderbirds has become one of the premier radio control modeling clubs in the country.

Many thanks to the club officers, and support staff for a great day of celebration, entertainment, and fun had by all. The following is a photo collage of the days' activities. Enjoy!
